

HP DEGREASER Product number # HPD 32

PRODUCT

HP DEGREASER Is a high purpose cleaner degreaser which remove dirt, grease, stickers and glue residues **very easily** from the surfaces. It is a mixture of special solvents and cleaning components that provides an effective removing of dirt, grease, glue, combustion residues and others. Stickers and common labels types can be removed easily by hand, always wearing gloves. **Due to special viscosity** of the gel, a long-lasting contact of the remover to the object will be provided.

Also dripping of the vertical surface will be reduced. It provides higher efficiency and reduced the amount of using the material.

Non-inflammable and non-dangerous components.

PRODUCT APPLICATION TOOLS

HP DEGREASER is supplied ready to use. Depending on the substrate can be applied with brush, microfiber applicators or paint rollers (microfiber-flocking). **Use mask and nitrile gloves.**

APPLICATION

HP DEGREASER should be applied from top to bottom on the surface and let infuse up to 30 min. Let it penetrate into the surfaces to allow **HP DEGREASER** to reach hidden layer areas of the residues. Do not let dry. In case of drying, please re-apply to keep the surface wet.

Then clean dirty residues with a brush or high pressure cleaner. In case of remaining residues, please repeat application several times to reach deeper areas. After using, clean tools with water.

To remove the paper surface of stickers and labels allow **HP DEGREASER GEL** to infuse hidden layer areas off the label or sticker. In case of remaining residues of stickers, please repeat application several times to reach deeper areas.

Our products are specifically designed to substantially reduce the time and effectiveness of cleaning and maintenance processes, with the consequent economic savings for companies and individuals in products and working time.

SAFETY INSTRUCTIONS

In case of inhalation: Move injured person into the fresh air, keep warm and allow to rest.
In case of skin contact: Change contaminated clothing after contact with skin, wash immediately with soap and plenty of water.
In case of eye contact: Rinse immediately with plenty of water for at least 10-15 minutes.
In case of ingestion: Rinse mouth immediately.
After swallowing: Instantly call the doctor / poison center. Do not induce vomiting.
General information: Consult a physician if problems persist. In case of indisposition seek medical advice.

Keep out of reach of children.
