

PRODUCT

NT NANO BLUE is an **environmentally friendly** high-alkaline, water-base cleaner / polisher that is designed to be used with a microfiber cloth to dissolve and lift oily grime and dirt on most hard surfaces. Excellent on Glass, Mirrors, Granite, Stone counters, Stainless Steel and Metals, Fiberglass, Painted Surfaces, Finished Wood, Vinyl, and Plastic. (Not to be used on floors) It is a unique cleaning co-polymer formulation that is **soapless and leaves no biofilm**.

It is an excellent general cleaner / polisher for most architectural materials and glass surfaces. It is designed to maintain the long-lasting durability and performance of all sealed surfaces.

NT NANO BLUE is the final component to activate / release and for maintenance of all sealed & treated surfaces. Look "Forever Brilliant."

PRODUCT APPLICATION TOOLS

It is supplied ready to use. The product is also suitable for spray application. **Use nitrile gloves and a mask while using** the product.

APPLICATION

Application:

Apply when the temperature is between 60°F / 90°F. **Do not apply in direct sunlight.**

Simply Spray on and wipe off, wet to loosen deposits, rub the cloth in a circular motion over the surface to ensure complete coverage over a small area at a time, dry using a clean microfiber cloth for shining.

Each application build more protection. On glass surfaces apply until the surface become totally clear and transparent.

Maintenance:

NT NANO BLUE reduces the surface tension and allows surfaces to stay clean for five times longer, using fewer products and cleaning less often. It replaces multiple products as glass cleaners, polishers and others.

Recommended for finishing and for maintenance on glass, marble, granite, metal and fiberglass surfaces.

The used microfiber cloth have to be washed with hot water, no bleach or fabric softener. Do not iron.

Our products are specifically designed to substantially reduce the time and effectiveness of cleaning and maintenance processes, with the consequent economic savings for companies and individuals in products and working time.

SAFETY INSTRUCTIONS

In case of eye contact: Rinse immediately with plenty of water for at least 10-15 minutes.

In case of skin contact: Wash with soap and water.

In case of ingestion: Rinse mouth immediately.

After swallowing: Instantly call the doctor / poison center. Do not induce vomiting.

General information: Consult a physician if problems persist. In case of indisposition seek medical advice.

Keep out of reach of children.
