

NT RESTORE Product number # NTR-32 / 8

PRODUCT

NT RESTORE is a hard water stain remover restoration cream to be used on glass, metal, and more. Great for restoring shower doors and removing years of damage! It can also be used with a bit of water on fiberglass, granite, metals (go with "the grain" on stainless steel). It can be used for, windows, automobiles, stainless steel BBQs & appliances, boats, RVs, and airplanes. Prepares surfaces / substrates for the application of our Hydrophobic Nanotechnology long-lasting sealers such as NT Glass, NT Windscreen. Stone Sealer Pro, NT Metal & NC/ NB Shine.

CONDITION OF SUBSTRATE

The substrate to be treated must be cleaned, grease-free and dry, preferably.

After using the **NT RESTORE**, once it has been dried and removed, **clean the surface with 75% water 25% alcohol compound** to remove the chemical residues of previous detergents and the NT Restore residues.

It is very important that the surface to be treated is completely clean and decontaminated so the coatings can perform its function of integration into structures.

PRODUCT APPLICATION TOOLS

It is supplied ready to use. **Wear nitrile gloves and a mask while using the product.**

APPLICATION

NT RESTORE is a non-abrasive liquid.

Do not use on painted surfaces make a test on a small area.

Application:

Apply a generous amount of NT RESTORE to an Eliminator Pad or to a common medium / hard pad. Rub the pad firmly in a small circular pattern over the surface until it is fully restored. Do a small area at a time. Allow drying until appears chalky. Buff using a microfiber cloth. Apply a second coat if necessary.

The use of a medium-hard pad buffing machine is recommended for application on large surfaces or to facilitate polishing on a medium surface. You can also use the buffing machine to remove it, once dry using a circular microfiber.

Polishing with NT RESTORE is an essential step for the correct coatings application.

After NT RESTORE application, the surfaces are prepared to be treated with Glass, Stone, Fiberglass or Metal coatings.

For Stain Steel add a little water and rub with the grain of the metal.

The used microfiber cloth must be wash with hot water, no bleach no softener. Do not iron.

Our products are specifically designed to substantially reduce the time and effectiveness of cleaning and maintenance processes, with the consequent economic savings for companies and individuals in products and working time.

SAFETY INSTRUCTIONS

In case of skin contact: Wash with soap and plenty of water.

In case of eye contact: Rinse immediately with plenty of water for at least 10-15 minutes.

In case of ingestion: Rinse mouth immediately.

After swallowing: Instantly call the doctor / poison center. Do not induce vomiting.

General information: Consult a physician if problems persist. In case of indisposition seek medical advice.

Keep out of reach of children.
